

MURTADHA NAJEM

Data Analyst & AI Engineer

Baghdad | MuOrttadha@gmail.com | +964 773 459 1075 | [LinkedIn](#) | [Kaggle](#) | [GitHub](#)

SUMMARY

Results-driven data analyst and AI engineer with a strong foundation in machine learning, deep learning, and data pipeline engineering. Experienced in building end-to-end AI systems — from raw data ingestion to structured insight — with a focus on real-world, Arabic-language, and local-market problems. Graduated top of my class in Information and Communication Engineering from Al-Nahrain University.

TECHNICAL SKILLS

PROGRAMMING & DATABASES

- Python programming
- SQL (MySQL, PostgreSQL)
- NoSQL (MongoDB, Cassandra)
-

DATA ENGINEERING & PIPELINES

- Data wrangling & Preprocessing
- ETL pipelines (Apache kafka & Apache airflow)

ANALYSIS & VISUALIZATION

- Exploratory data analysis
- Interactive dashboard
- Tableau

MACHINE LEARNING & DEEP LEARNING

Scikit-learn, supervised & unsupervised learning , Tensorflow, CNN & LSTM, and Time series analysis

PROJECTS

[Iraqi Job Market Analysis Pipeline](#)

The first data-driven report on Iraq's private sector job market, +100,000 job postings scraped from Telegram and hiring platforms, classified via a multi-stage GPT pipeline, and analyzed across salaries, sectors, and demand trends.

[Arabic Maqam classification in Music and Quran](#)

Developed a hybrid CNN-LSTM model achieving 92% accuracy in classifying Arabic musical maqams from audio.

[Multi-Agent AI System Based on LangGraph for 5G/6G Applications](#)

Developed a hierarchical AI system for joint handover and MEC optimization using LangGraph and LLM-based control in a 3GPP-inspired simulation environment.

Additional ML/DL projects available on my kaggle account

PROFESSIONAL EXPERIENCE

Event Operations & Data Coordinator — TicketZone / Digital Zone

Part-time | Oct 2024 - present

- Managed QR-based check-in operations and attendee data flows across large-scale events.
- Coordinated multi-role logistics for high-volume public events.

Network & Data Systems Trainee — Asiacell Telecommunications

Summer Training | 2025

- Gained hands-on exposure to telecommunications infrastructure, network operations, and data systems in one of Iraq's largest telecom companies.

Independent KaggleML/DLProjects

Jan 2024 - present

- Developed and documented machine learning and deep learning projects on Kaggle using TensorFlow, Keras, and Scikit-learn, covering data preprocessing, model development, and evaluation.

Junior spacel Robotics Trainer & Events Assistant

May 2023 - Apr 2024

- Taught robotics concepts to children aged 6-12 using the LEGO WeDo 2.0 platform.
- Supported event management for major events, including "Yafia' fi al-malaab" in collaboration with LALIGA, ensuring smooth operations.

EDUCATION

Al-Nahrain University

Oct 2022 - June 2026

College of information engineering | B.Sc. Information and Communication Engineering

Graduated June 2026 | Ranked 1st in class

CERTIFICATIONS

[IBM Data Science Professional Certificate](#)

Python, SQL, machine learning, and data visualization across 12 courses.

[IBM Data Analyst Professional Certificate](#)

Data analysis, Excel, SQL, Jupyter, and Cognos Analytics across 11 courses.

[Machine Learning Specialization by Stanford online](#)

Supervised/unsupervised learning, neural networks, and reinforcement learning across 3 courses.

[IBM Machine Learning Professional Certificate](#)

ML, deep learning, time series, and reinforcement learning across 6 courses.
